#### Feed the birds in your garden with your very own Bird Café

Feeding the birds is one of the easiest and most enjoyable ways to give our feathered friends a hand, especially in winter when food is harder to find.

This activity will help you make a bird food cake and a loo roll feeder. Hang them from your garden trees, or on your balcony and watch your neighbourhood birds discover them.

Wild birds are understandably timid at first, but especially in the depths of winter, these seedy treats won't last long.

Remember to take a photo of you making the cake or loo roll feeder, and maybe a photo or drawing of the birds who come for a meal.

[Read how to keep your garden birds healthy](#) for important information about cleaning feeders and bird baths, to keep the birds that use them healthy.

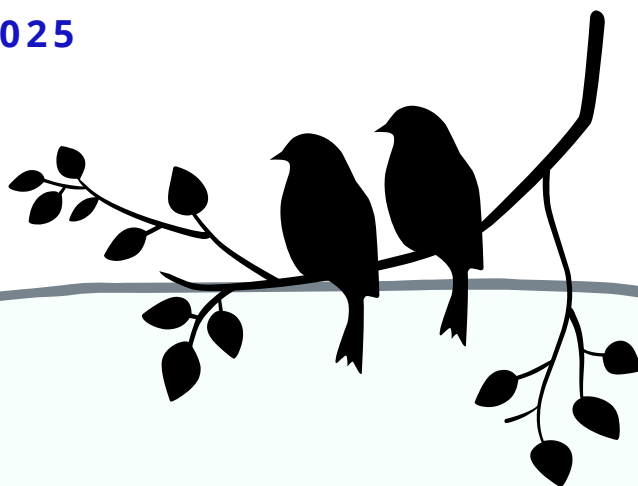

Stay safe

- If you're allergic to nuts, leave out the peanuts and make sure your bird seed doesn't contain any nuts.
- Be careful when using the scissors.
- Ask an adult to help if you need to.

### Big Garden Birdwatch 2025

**Join us 24 - 26 January**

<https://www.rspb.org.uk/whats-happening/big-garden-birdwatch>

Download your free online resource pack and join us in spending an hour to count the birds we see in our garden.

You don't need a garden to join in, you can do this in on a walk, in the park or just looking out of your window.

### Paw Print Bird watching

<https://pawprintfamily.com/wp-content/uploads/2021/02/Birdwatching-Challenge-Badge-Activity-Pack.pdf>

Grab your binoculars, find the bird feeders and get spotting! Fancy yourself as the next Bill Oddie?

The Birdwatching Challenge is here to help you enjoy a host of feathery fun and frolics!
